

RUBBER FLOORING

SKP

SKP Rubber Flooring delivers premium, eco-friendly, and long-lasting solutions for residential, commercial, and industrial environments. We prioritize durability, visual appeal, and innovation aiming to become a global leader in sustainable and innovative rubber flooring solutions.

SKP Rubber Flooring is made from premium natural and synthetic rubber, molded under high pressure and temperature. It features consistent patterns, stable colors, and exceptional durability, with a lifespan of over 15 years under normal conditions. The product is backed by a 10-year quality warranty.

Environmentally friendly

Fire-resistant

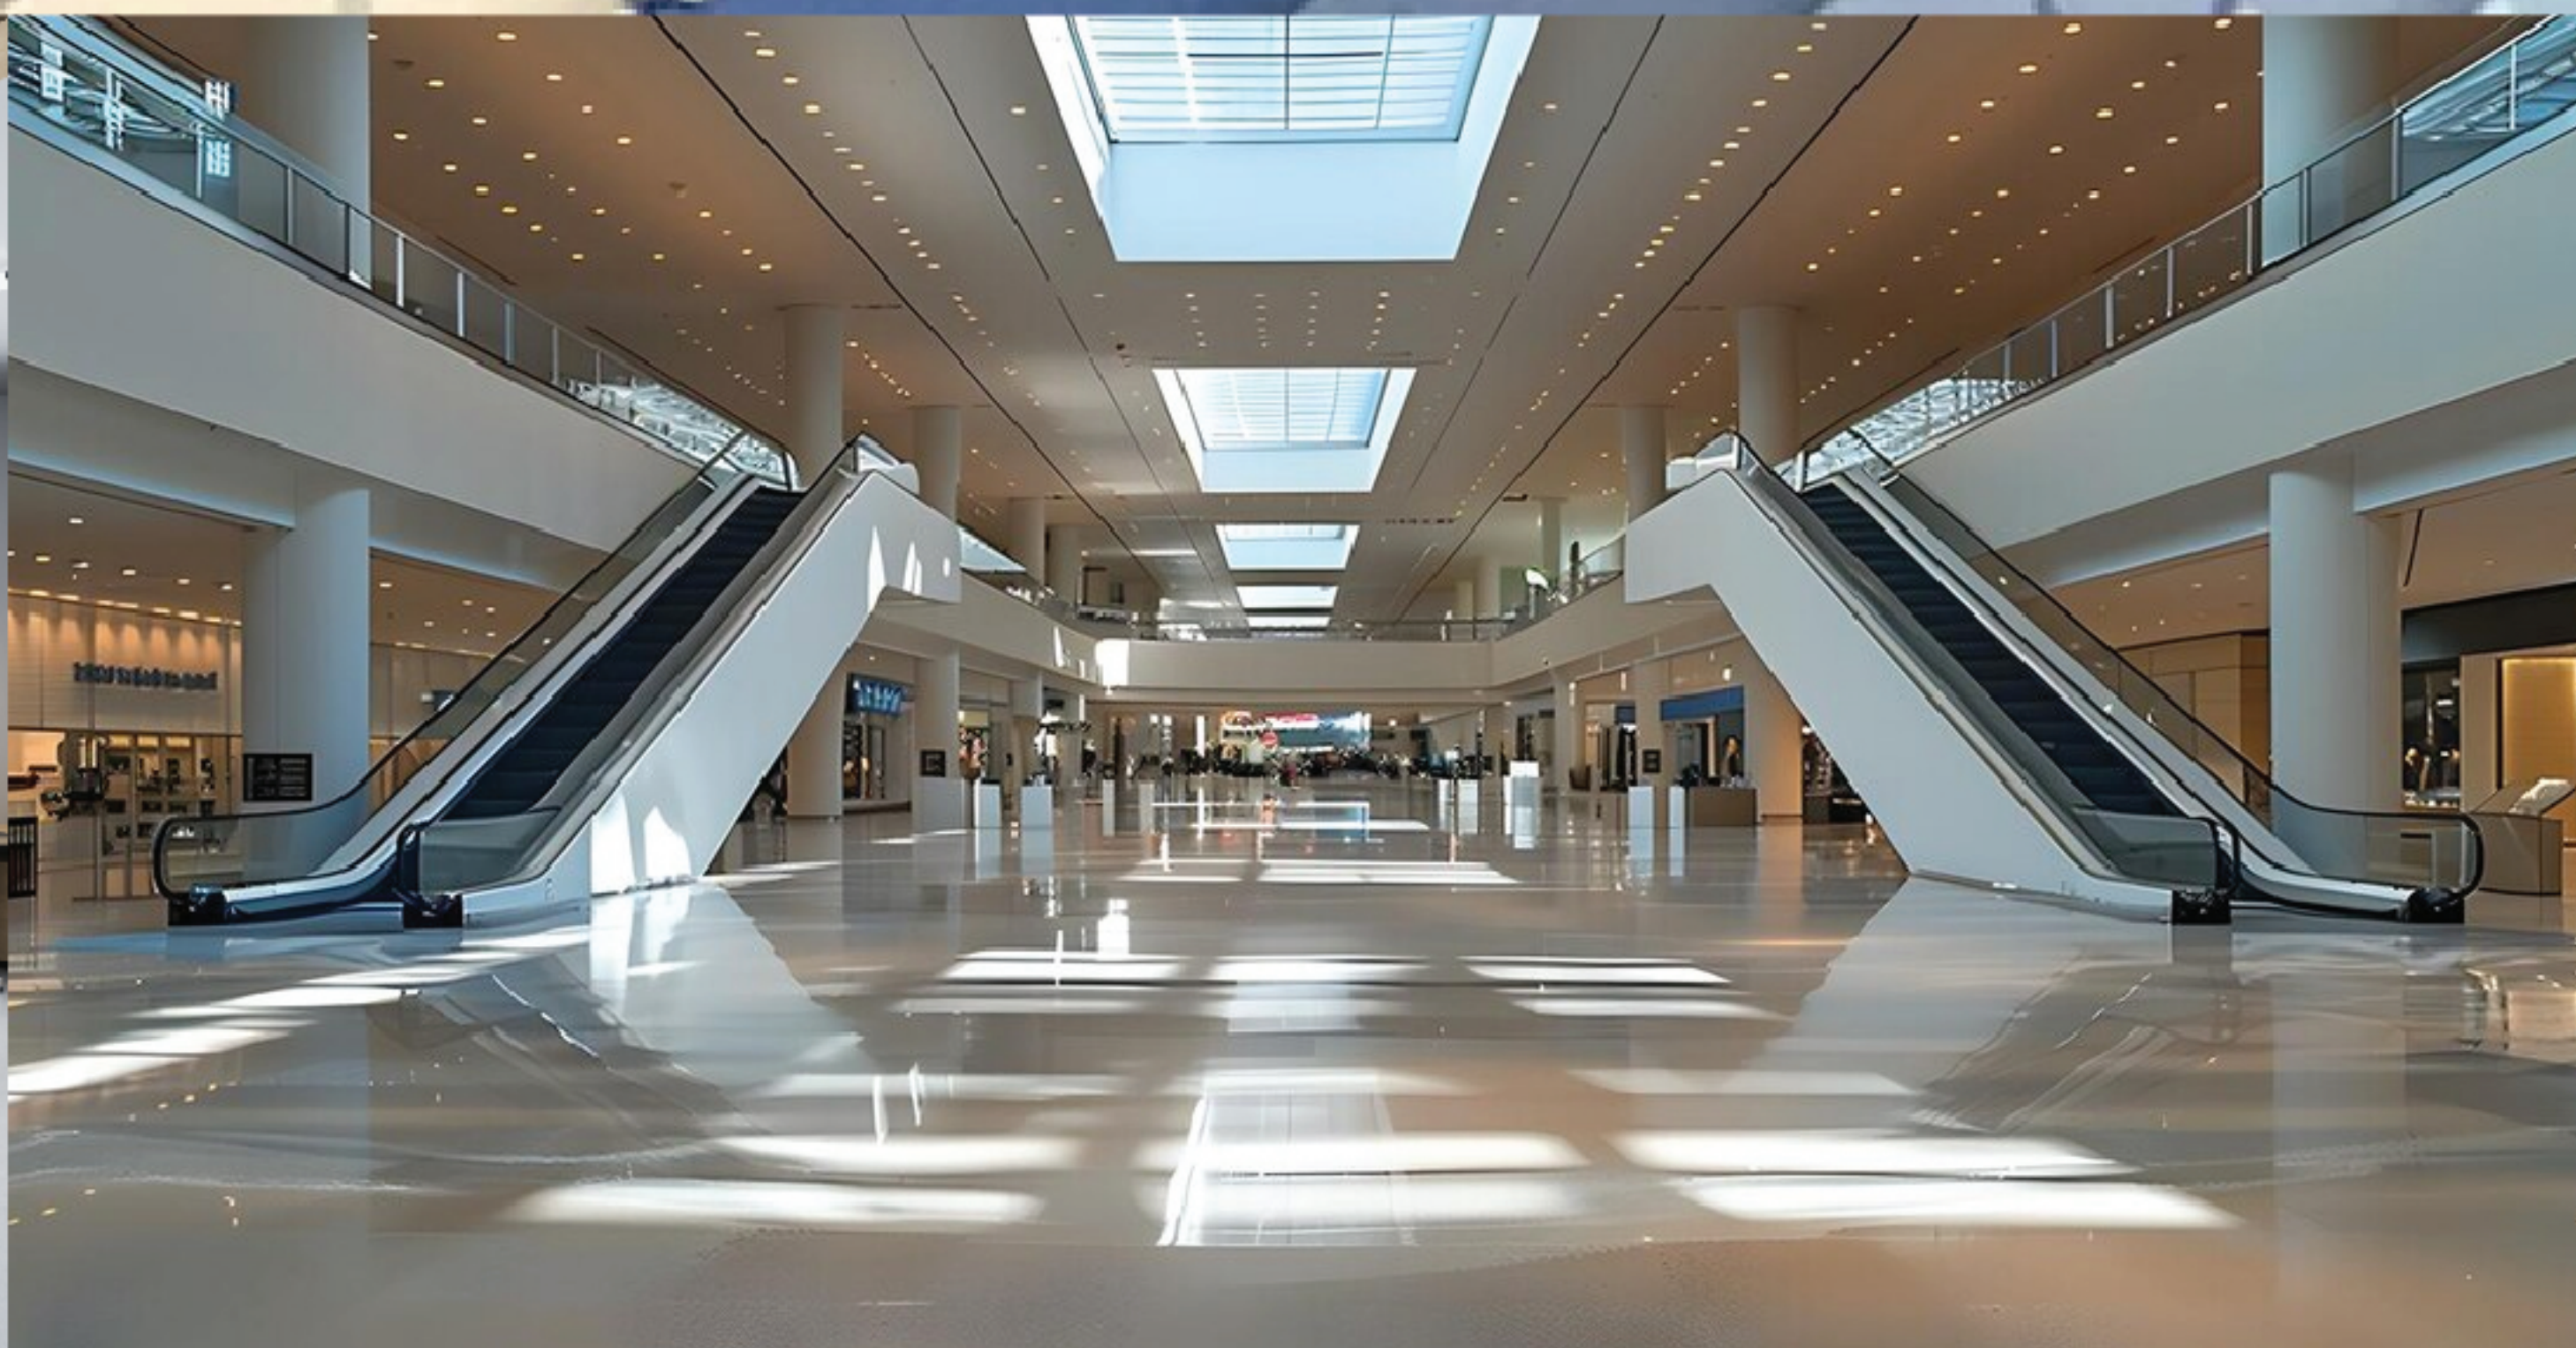

Static dissipative

Slip-resistant

Resistant to acids and alkalis

For Every Step, in Every Space

SKP Rubber Flooring is perfect for health centers, public buildings, schools, sports facilities, Gym & Fitness, Data Center, Playground & outdoor space, transportation hubs, industrial buildings, exhibition centers, and retail stores.

It's ideal for spaces that require noise reduction and promote foot health.
